## Albany Teachers Given Pay Raise For 1960-1961

The Albany School Board last week adopted a budget for the 1960-61 school year calling for the expenditure of \$422,000 more than in the budget of the year just closing.

Included in the budget are raises for school teachers of approximately 4 per cent. The new scale will vary from a starting rate of \$4790 to a high of \$9000.

The new scale will raise the teachers' salaries to compare with those in effect in neighboring communities, it was said.

"We can say that the money being spent will be spent on classroom expenditures which are a direct benefit to the student," Kenneth M. Forry, superintendent of schools. "Every dime will go toward an improved instructional program in the classroom. One of the reasons that teachers' pay scales are going higher is that we're putting our emphasis in the instructional basket, and not in the administrative basket."

The budgeted expenditure for administrative services next year is \$12,686, as compared with \$952, for instruction. Increases were also granted to school principals, four administrative employees and maintenance and other personnel. The sum of \$80,000 was budgeted for the Child Care Center, and \$62,000 for operation of cafeterias.

Anti-rabies vaccination of all dogs over the age of four months is required by law. The shots are effective from 1 1/2 to 2 years depending on the type of vaccine used.

Decorations were in keeping with the theme of the party "Dream Cruise" and entrance to the Marine Room was by way of a ship's gangplank. The theme was further carried out by posting various travel areas in the world. Flags and banners from twenty steamship lines gave an authentic nautical atmosphere.

A buffet lunch was served from 10 p.m. until 4 a.m. and breakfast was served from 4 a.m. until 6 a.m.

## Chamber Chatter

By Irene Grove

It is summer and vacation time in our city of Albany... school is out... graduation and an all night party is a pleasant memory for the graduating seniors at Albany High... (The graduation was a most impressive and beautiful ceremony. Recreation programs are beginning at our Albany parks and people are reading travel folders for those "two weeks off with pay." Copies of a new informational booklet are available in your Chamber of Commerce office, entitled "Ocean Beaches of California," printed and distributed by the California State Chamber of Commerce. Albany's school boys and girls have about depleted the supply of travel folders but more are on order from vacation spots in our own state and other vacation states.

Remember the old fashioned almanacs, just crammed with useful bits of information? We have a copy for you in your Chamber office, put out by the Pacific Telephone Company... you are welcome to a copy.

Albany Clean Up-Fix Up Week report: Your Chamber of Commerce was happy to answer the many calls concerning the particular cases. Seven calls on "hardship cases" were handled and pickups were made. A special vote of appreciation to Bud Read for his time and service to handle this project for your Chamber of Commerce.

Speaking of fixing up... we are dying of curiosity awaiting taking off of the wraps around the remodeling job in progress at Sam's Pharmacy, 1183 Solano Avenue.

Alameda County Fair time is just around the corner. Your Chamber of Commerce has a supply of posters and bumper strips advertising this event. The Albany Jaycees are selecting an Albany candidate for the Maid of Alameda County Contest, balloons for the youngsters have been ordered and entertainment for Albany's Community Hour is being arranged. Remember Albany Day is Thursday, July 14, so let's all make plans to take part in the activities.

What is the Albany Chamber of Commerce and what is it planning to do to build a better and bigger Albany? This has been the subject for discussion at numerous civic groups by our most able spokesman, President Walter Brophy. Walt did an excellent job at the Soroptimist Club luncheon, Wednesday, June 15.

Your Chamber of Commerce and Membership Committee Chairman Clem Tobin are planning an extensive membership drive for official Ambassadors of Albany beginning July 1st... Remember:

"You don't buy papers... you buy news."  
"You don't buy glasses... you buy vision."  
"You don't buy an awning... you buy shade."  
"You don't buy membership in the Chamber of Commerce... you buy cooperation of the most."

## Albany Receives AAA Award For Pedestrian Safety

Albany has received an "Excellence of Pedestrian Protection" award from the American Automobile Association for its achievement of no pedestrian deaths in 1959.

The city was one of 1,738 which competed in the annual nationwide Pedestrian Program Appraisal sponsored in northern and central California by the California State Automobile Association. Pedestrian fatalities dropped to an all-time low last year, reports the CSAA. When the AAA Pedestrian Program was launched in 1937, a total of 15,500 pedestrians were killed in traffic accidents, as contrasted with only 7,750 in 1959.

Approved having the D. A. Sargent Company check the City's books of account for the fiscal year of 1959-60, at a cost of not to exceed \$900. The vote was unanimous.

Referred back to the city engineer of his estimate on the cost of making the necessary immediate repairs to City buildings, with instructions to provide two estimates, one covering the work if done by outside bids and the other if the work were to be done by City employees. There was some argument over the advisability of having City employees do the work, or having it done by union workers. Councilmen Howell, Blank, Cirmeli and Carlevaro spoke on the union angle, and pointed out that Albany has quite a large number of union members among its residents.

Authorized replacement of an electric wall heater at the fire house at a cost of approximately \$1000, the old one having broken down.

Adopted Resolution No. 60-6, authorizing employment of DeLeuw, Cather and Company, to prepare the necessary plans and drawings for the proposed Buchanan Overpass at a cost not to exceed \$2500.

Approved a request to Kruger & Co. to have a speaker at the meeting next Monday, June 27, starting at 7 p.m., to discuss the possibility of that firm making a complete survey of the Albany City Government, with recommendations for improvements.

Budget sessions of the council last week developed several flare-ups over procedure. In one session City Engineer John H. Wright and Councilman Lewis M. Howell walked out of the meeting.

Cause of the flare-up was when Wright was presenting his departmental budget and Mayor Zahn allegedly summoned the engineer's secretary, Mrs. Johnnie Grisham, without his consent. Mrs. Grisham said that when she arrived at the hearing she was "embarrassed" because she realized she had been called from her home without Mr. Wright's consent. When she arrived Wright and Councilman Howell walked out of the meeting.

## DELAY GRANTED ON LOVETT BUILDING

A 60-day extension of time for starting construction of the professional building planned by the Albert-Lovett Company under Ordinance No. 59-023 was granted by the Council Monday night after hearing an appeal for more time from Earl E. Clark, vice-president of that company. The building is scheduled to cost \$209,300. The company explained they had not fully understood the time limit specified in the ordinance. Mr. Clark stated the company would start construction of the building immediately.

In other action the Council: Held over for one week a recommendation from the City Health Officer regarding an ordinance requiring vaccination of all dogs against rabies, was held over one week for further study. The vote was: Ayes—Blank, Carlevaro and Zahn; Noes—Howell and Cirmeli.

Authorize the purchase of a tape recorder and three rolls of film, at a cost of \$108.60.

Mrs. Zahn reported she had received notices from the Rapid Transit District that there would be no station located within Albany, but there would be one between Central Avenue and Fairmount in El Cerrito. Original plans called for a station at Key Route and Solano, but this was discarded when Albany protested the number of homes that would have to be removed to provide the necessary space.

During a discussion of a letter on behalf of the "Babe Ruth" baseball league in Albany, Mrs. Zahn suggested that the matter be taken up at a budget session and recommended the City grant \$1000 to the Babe Ruth League, and \$450 to the Albany Little League. The City's present is donating \$150 a season to the Little League funds.

## it's what we give away!

Years ago, we learned that it is not what you sell, but what you give away that keeps customers coming back. For example...

- We always make a free "surface inspection" for customers who plan an outside repainting. It assures satisfactory results.
- We'll visit any home, anytime, to help the customer who runs into trouble on his paint job... again, at no charge.
- We sell "Dutch Boy" paints—they're the best! But it still takes a "know-how" to assure a first-class paint job. At Solano, it's yours for the asking.

May we help you next time you're planning to paint.

After that experience she decided to go into business for herself in her own store in Connecticut. She ran that store for several years, then took a break in her career and spent several years in Europe, mostly in Germany.

Upon returning to the States, Miss Welte decided to head for the west coast, landing in San Francisco, and managed two dress shops there. She bought one of them just a year ago, "The Executive Suite", then just a few weeks ago she started her new venture at Thurm Bros.

**Reduces Rates on**  
**30-60 Age Group**

Married men in the 30 to 60 age bracket will receive reduced rates under a new policy developed by Farmers Insurance Group, it was announced today by J. M. Smith, president and executive director of Farmers Auto Insurance.

This policy will reduce auto insurance rates up to 14.6 per cent in the Albany area for those who qualify, Smith said.

"Statistics developed by the National Safety Council and verified by our company's own accident experience records show that men in the 30 to 60 age group have a lower accident frequency experience than other age groups," Smith said. "Our actuaries have now developed a policy designed to take care of this group at a rate which is considerably lower and in keeping with their known lower accident frequency."

The lower rate Farmers Insurance Group is giving to this special class does not restrict use of the car either in annual mileage or going to and from work.

The law is the last result of human wisdom acting upon human experience for the benefit of the public — Samuel Johnson.

Senior Citizen Activities, 855 Masonic

In the absence of the president and the second vice-president, Carolyn Matthew, third vice-president, presided at the meeting of the Senior Citizens of Albany on Tuesday evening, May 31, at 7:30.

The highlight of the evening was a beautiful birthday cake, provided by Lily Dickstein for the birthday honorees for the month of May.

The proposed trip by bus to Fort Ross was definitely decided upon for June 28. The bus will leave the center at 850 Masonic Avenue at 8 a.m. and proceed to Armstrong Park where lunch will be eaten. The return trip will be by the Russian River route and a stop will be made for a tour of Burbank Gardens.

Public Warned  
On Danger From  
High Voltage Lines

With scores of Californians continuing to be killed or injured each year from contact with overhead high-voltage lines, the State Division of Industrial Safety is stepping up its drive in co-operation with utility companies to reduce deaths and injuries from this cause, it was announced today by John F. Henning, Director of the State Department of Industrial Relations.

These deaths and injuries occur in many fields — construction, agriculture, well-drilling, erection of TV antennas, and kite and model airplane flying.

The intensive campaign will be spearheaded by educational materials which are available not only to employers, but to any and all workers whose jobs expose them to overhead hazards. These materials, which may be obtained from either the Division of Industrial Safety or utility companies, include three brochures — "Keep Away From Power Lines," "Look Up! Power Lines Are Overhead," and "In-

The bus will return to the center between 5 and 6 o'clock the same evening. Any one wishing to make the trip, please call Carolyn Matthew at LA 5-4165 or Henry Ingraham at LA 6-3078 for reservations. The cost will be \$2.00 per person for the round trip. Come and bring a friend.

A short meeting was held on Tuesday, June 7, at 1:30 p.m. when the Seniors met for their monthly business meeting. It was voted to accept with regret the resignation of Virginia Gill as treasurer, to become effective at the close of the present term of office. Kathryn Kay was appointed as chairman of a nominating committee to nominate officers for the coming term of office beginning in July.

It was voted to donate \$5 from the club funds toward the Chilean Relief Fund.

Anyone wishing to go on the bus trip to Ft. Ross on June 28, please contact Henry Ingraham at LA 6-3078 or Caroline Matthew at LA 5-4165.

Thomas N. Saunders, Chief of the Division of Industrial Safety, emphasized that it is a violation of both the California Penal Code and State Safety Orders to bring any object within six feet of high-voltage lines, and stressed that the brochures and film contain valuable reminders not only for operators of equipment, but for other workers in the im-

mediate vicinity.
